From: Commanding Officer, Engineering Field Activity, West, Naval Facilities
Engineering Command

To: Distribution

Subj: PILOT-SCALE TREATABILITY WORK PLAN, IR SITE 13, NAVAL AIR
STATION, ALAMEDA, CA

Encl: (1) Pilot-Scale Treatability Work Plan dated June 30, 1995

1. Enclosure (1) is the Pilot-Scale Treatability Work Plan prepared by Berkeley Environmental Restoration Center, University of California, Berkeley, for a treatability study at IR Site 13, NAS Alameda. Copies of the work plan have been distributed to the RAB Co-Chair and Leaders of Early Actions and Technology Focus Groups.

2. The work plan is provided for information and does not require review or comment from the RAB. However, if you have any comments, please send them to me by September 13, 1995. A Document Summary of the work plan is being distributed to all RAB members.

3. If you have any questions, please contact me at (415) 244-2539 or fax (415) 244-2654.
